

GREEN STEAM SCHOLARSHIP 2024

CALL FOR APPLICATIONS! DEADLINE FRIDAY, MAY 10, 2024

We are now accepting applications for the Eden Renewables annual scholarship program. Graduating high school seniors from selected schools in the Capital Region (see list) and pursuing a career in fields that benefit the environment are invited to apply.

Our Green STEAM scholarship program supports students in Science, Technology, Engineering, the Arts, and Mathematics subjects tackling local and global environmental issues. The total fund available for 2024 is \$20,000. It encompasses 12 school districts including our home base in Troy.

Awards of \$1,000- \$4,000 are available for up to 20 students with at least one student selected from each school district.

Recipients will be selected based on academic record, demonstrated leadership and participation in school and community activities, honors, work experience, and statement of goals and aspirations.

Scholarships will be formally awarded at our Green STEAM Scholarship reception on the morning of Thursday, June 20th with a rain date of Friday, June 21st in the afternoon.

Our scholarship program was established in 2019 and has increased in value as the number of community solar projects Eden has developed in the area has grown.

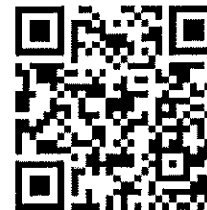

ELIGIBILITY:

- High school senior attending one of our host community schools (see list)
- Minimum of 3.0 cumulative GPA
- Accepted into a 2 or 4-year college and enrolled in Green STEAM or a related discipline
- Letter of recommendation from a teacher, counselor, or employer
- 500-word statement of purpose regarding educational plans and professional aspirations in Green STEAM

HOW TO APPLY:

Submit requested materials with the application form by **Friday, May 10th** online or by mail:
